4-H CLUB Q&A

How Do You Get A 4-H Club Organized?

Have a meeting with the young people who are interested and the adults who are willing to help. Publicize it through the schools or any place where young people and their parents can be reached.

What Do You Do At The First Meeting?

Get acquainted and have fun with a group mixer and/or some refreshments. Show and talk about some projects the group might like. (Give this some thought in advance and talk with the 4-H Youth Agent and experienced 4-H leader.) Discuss when and where and how often the group will meet.

What About Officers?

4-H Clubs have officers and whatever committees they need to run their own business. 4-H has materials available for presidents, vice-presidents, secretaries, treasurers, news reporters and recreation leaders. The club may have more or fewer, depending on its needs. It may be a good idea to wait until the second or third meeting to elect officers if members did not know each other before joining the club. Some clubs rotate officer duties among members during the first year to give everyone leadership experience.

Who Names A Club?

The members of the club do - with their leader's guidance.

How Often Do 4-H Clubs Meet?

Some clubs meet every week for a month or two and some meet once or twice a month all year long. This depends on the group and what it wants to do. 4-H clubs may organize any time of the year. Sometimes members have to be enrolled in a project by a certain date to be eligible for specific activities. Check this with your County Extension Office for details.

Should 4-H Clubs Have Dues?

This depends on their need for money. There is an annual charge for state support. If the club wants money for some activities, it usually charges dues or conduct money-earning activities.

Where Do 4-H Clubs Meet?

Clubs meet any place large enough and convenient for the members for the group. Clubs meet in the homes or garages of leaders or members. Some meet in central place such as a school, church, or community room.

How Big Should A Club Be?

Size depends on the ages of the members, available meeting places and the number of club leaders. The ideal club is large enough to have fun together but small enough for everyone to feel a part of the group. The average club in Colorado has between 10 and 20 members and two or three adult leaders. A "standard club" must have at least five members.

The Adams County 4-H Team

Julia Hurdelbrink - 4-H General, FCS, Cloverbuds & Shooting Sports
